Invited for/You are

It is a great pleasure to inform you that the Department of Chemistry, Hindol College, Khajurikata, DM-Dhenkanal, Odisha is going to organize a UGC Sponsored National Seminar on **INDUSTRIAL POLLUTION, HAZARDS AND MITIGATION** in collaboration with Odisha Environmental Society, Bhubaneswar on 29th and 30th December 2015 in the college premises.

We solicit you for your gracious presence on the occasion to make the event very successful.

With warm regards,

S.K.Pal, Organising Secretary

HINDOL COLLEGE
Khajurikata, Dhenkanal

Hindol College, Khajurikata established in the year 1977 is one of the premier educational institutions of Dhenkanal district and the state of Odisha. The green campus is located just fifteen miles from Goddabhatra, Odisha on NH-55. The college imparts degree, education in arts and science, sciences and offers honours courses in physics, chemistry, mathematics, zoology, biology, political science, history, economics and education. The students of the institution have excelled in various state and national level competitions. The college organizes state and national seminars each year on various topics relevant to our social problems. The student strength of the college exceeds more than fifteen hundred. The College has well experienced faculty members in various subjects. The NAAC accreditation in January 2013 has added further glory to the institution.

THE FOCAL THEME

Environmental degradation is a global concern. Industrialisation and urbanization is highly responsible for the deterioration of the environment. Emission of Green House Gases causes global warming and climate change which adversely affects the ecosystem. Release of toxic effluents and hazardous materials pollutes various segments of the environment. Sustainable development with protection of environment is a challenge to the modern world. Educators, professors, researchers, planners, legal experts, scientists, industrialists, entrepreneurs, social workers will come together to discuss their ideas and create awareness regarding the problem which will help our society and motivate the people.

THRUST AREAS

The seminar will focus attention broadly on the following issues:

- Water pollution, air and noise pollution, particular matter, global warming, climate change, utilization of waste products, management of hazardous materials, technology advancement, social and economic impact, impact on agriculture, environmental law, nanotechnology and environment, biotechnology and environment, impact on human health, occupational hazards, impact on biodiversity, green chemistry and technology.

CALL FOR PAPERS

Abstract / full papers / review articles may be submitted to MS Word in Sakuntla Kumar Path, Dugansingh Secretary on) before 13th December 2015.

Objective of the seminar :-

The Seminar has profoundly influenced the mind set of the students, teachers of our institution . No doubt , it has prompted interdisciplinary awareness among the students . It has inculcated enthusiasm and interest among the students which would inspire them to chose Relevance of Physical Sciences in Social Science as their future career .

It is hope that a considerable amount of Scientific outlook about Relevance of Physical Science in Social Science would be generated among the Public by the event which may be helpful to eradicate the so called confusion in the in the interdisciplinary approach .

Scientist have a major role to play in acquainting the teachers , students , publish time to time about the recent advances that occur in the domain of Relevance of Physical Science in Social Science . Prof. Bikash K. Chakravarti , Prof. Satya Ranjan Chakraverty have really done a credible job by disseminating latest knowledge about the above field .

The Seminar has generated an opportunity where Senior Scientist and teachers have an interaction with young and the interface of Relevance of Physical Science in Social Science has ignited the mind of every body .
